

NAME: Brishti Dhara

ROLL NO: BTECH/CSE/23/090

SDITO LAB ASSIGNMENTS

Assignment no :- 04

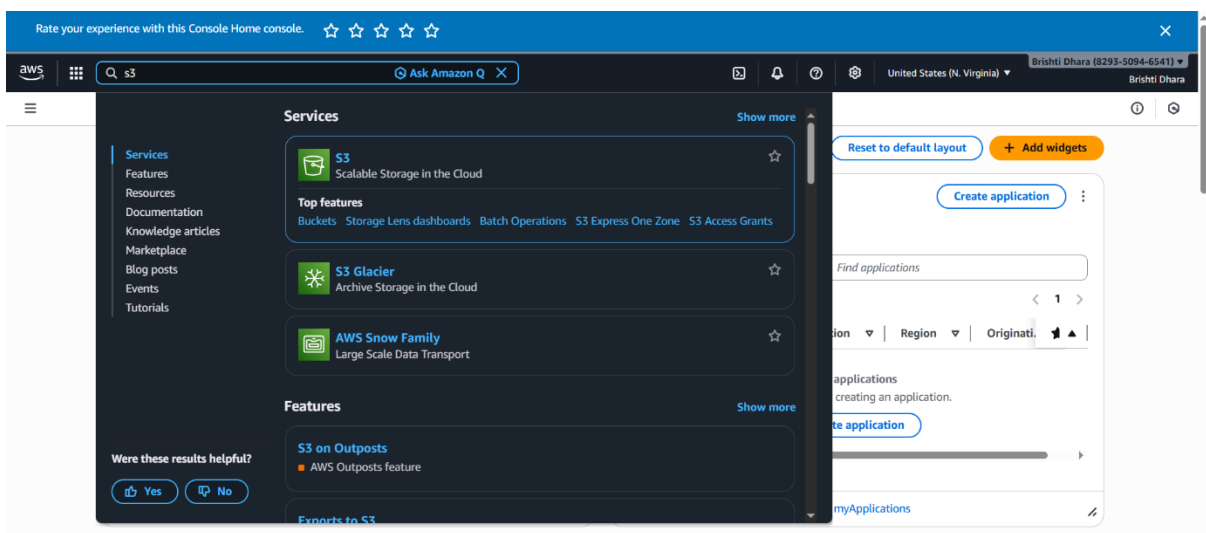

P.S:CREATE A PRIVATE BUCKET IN AWS.UPLOAD A FILE AND CHECK BY REASSIGNED URL WHETHER THE FILE URL IS WORKING.

SOLUTIONS:

STEP-1: At first, we need to login the AWS console.

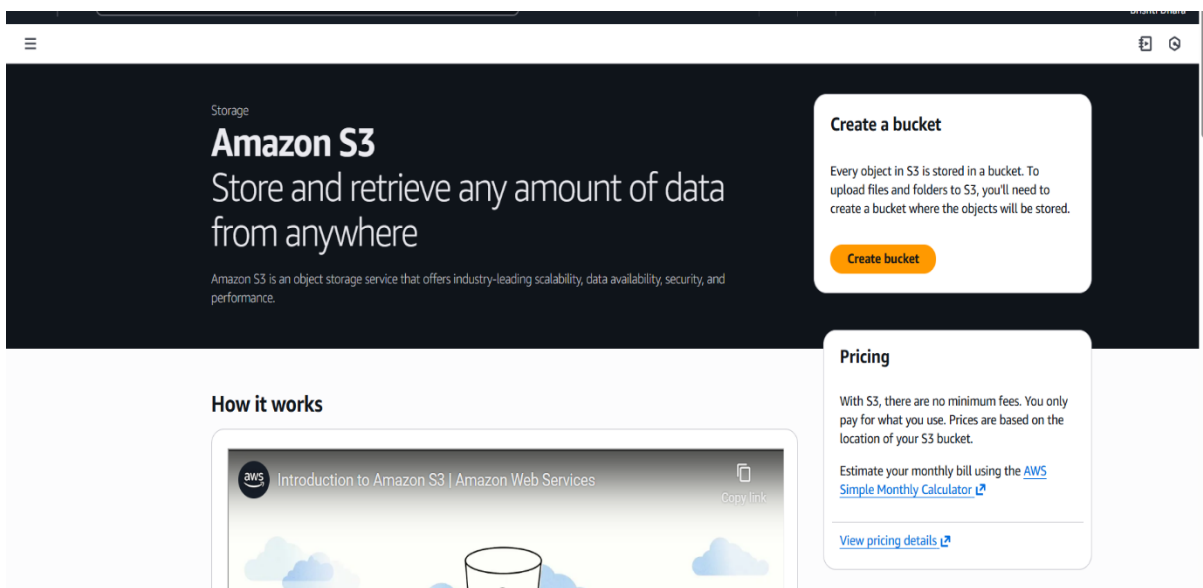

STEP-2:Then search s3 in the search bar.

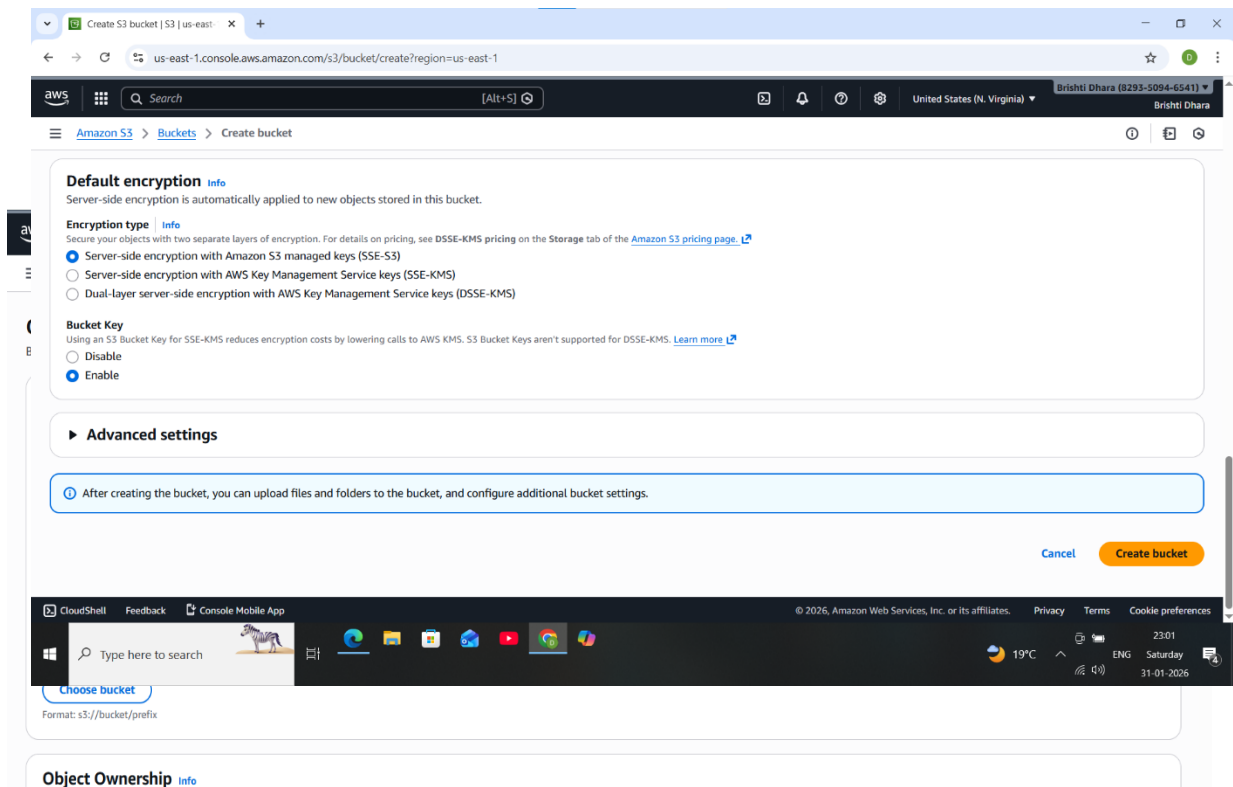

STEP-3: After that click on the s3 service

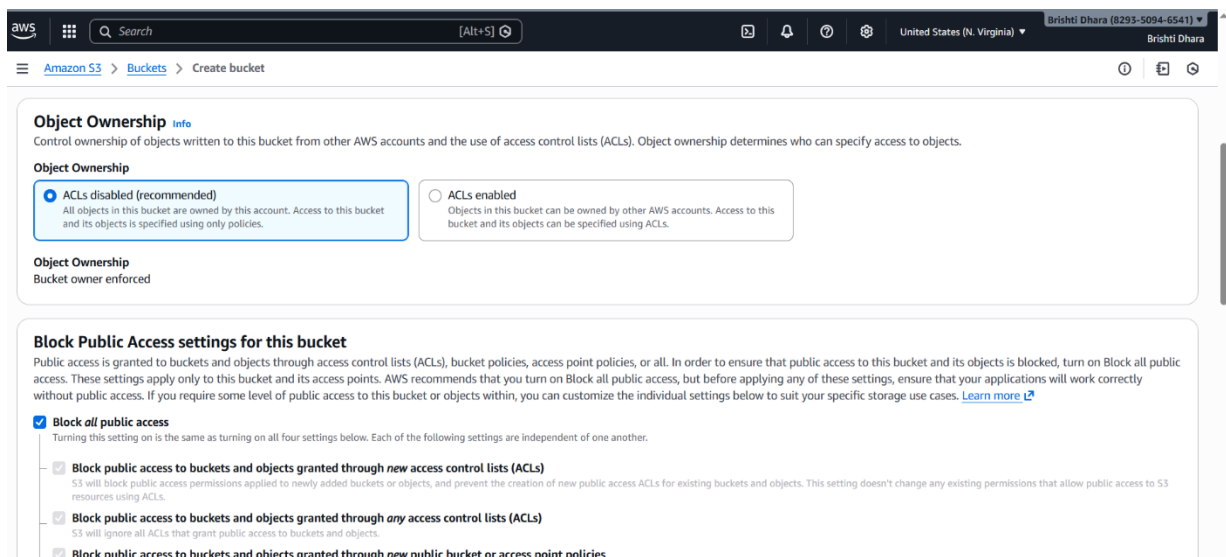

STEP-4: Now we redirect to the s3 dashboard..

Step-5: In the s3 dashboard click on the create bucket.

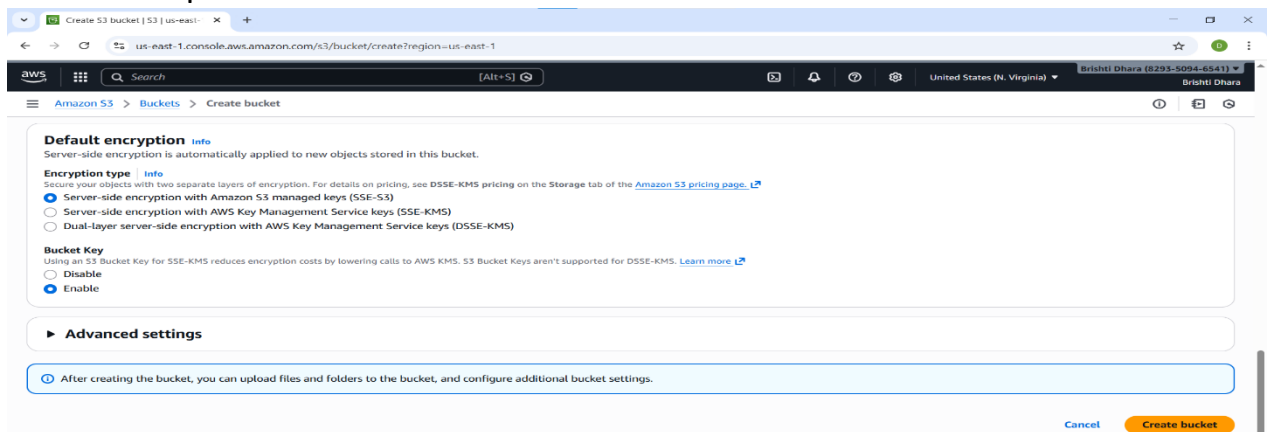

STEP-7: For create private bucket, we keep the ACLs disabled and click block all public access.

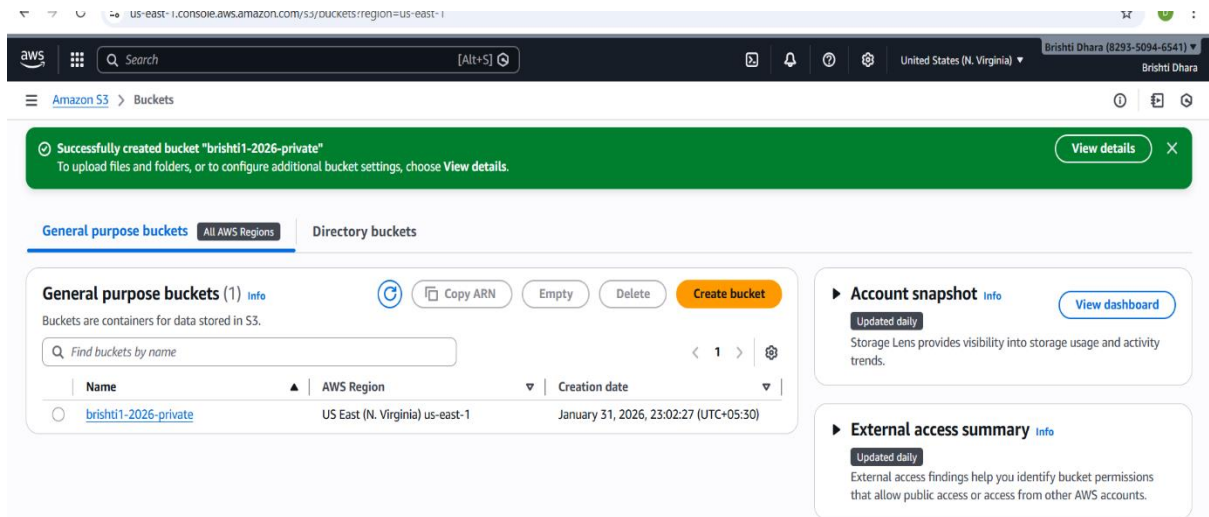

STEP-8: All options remain the same and then click on create bucket.

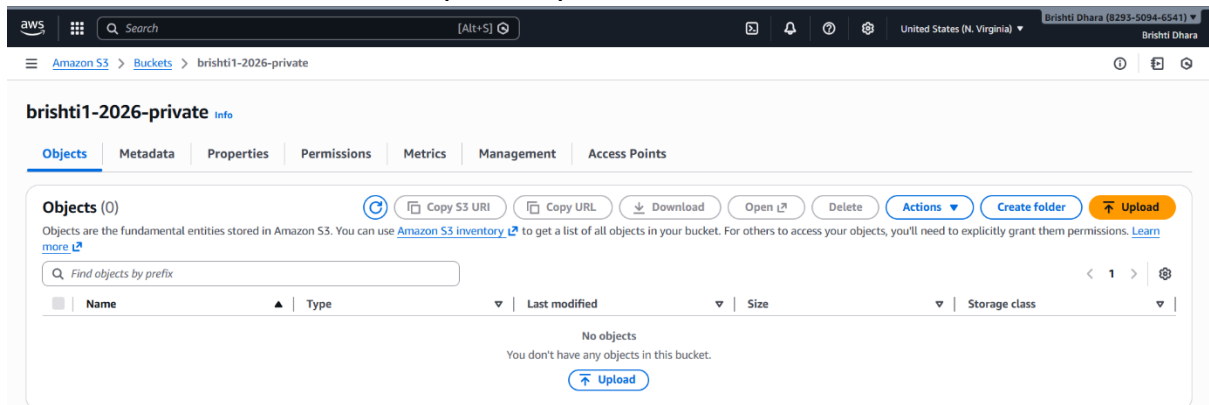

STEP-9: The bucket “brishti1-2026-private” is created successfully.

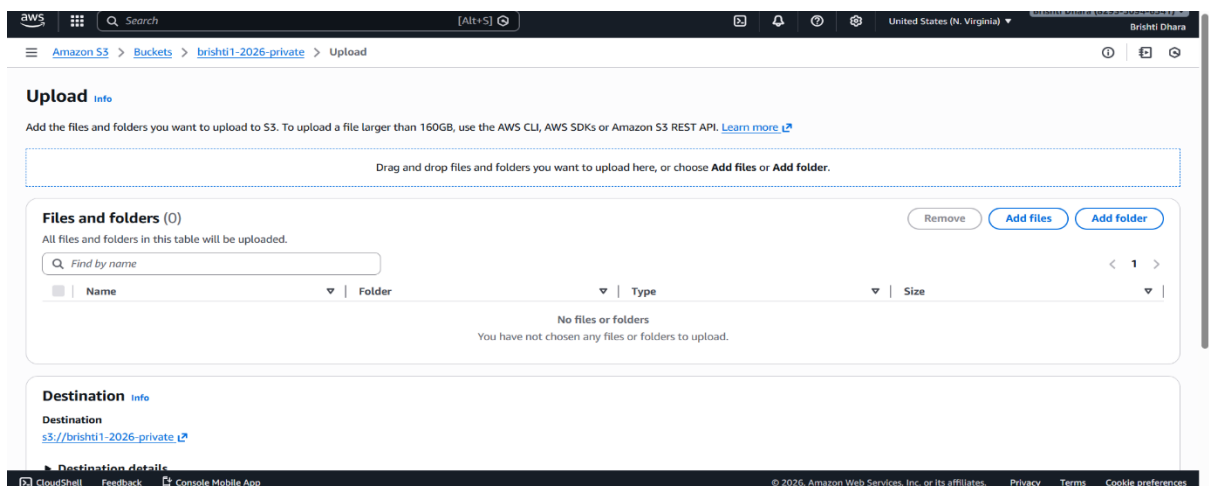

STEP-10: Then click on bucket name.

STEP-11: After that click on upload option.

STEP-12: IN upload interface click on Add files.

STEP-13: we take a file from our device and upload it.

The screenshot shows the AWS Management Console's 'Upload' page for the bucket 'brishti1-2026-private'. The page has a dark header with the AWS logo, a search bar, and navigation links. Below the header, a breadcrumb trail shows 'Amazon S3 > Buckets > brishti1-2026-private > Upload'. A message at the top says 'Drag and drop files and folders you want to upload here, or choose **Add files** or **Add folder**.' Below this is a section titled 'Files and folders (1 total, 29.1 KB)' with a sub-note 'All files and folders in this table will be uploaded.' There is a search bar 'Find by name' and a table with columns: Name, Folder, Type, and Size. The table contains one entry: 'Assignment_08_Exception_Handling(1).pdf' with a folder of '-', type of 'application/pdf', and size of '29.1 KB'. To the right of the table are buttons for 'Remove', 'Add files', and 'Add folder'. Below the table is a 'Destination' section with a link to 's3://brishti1-2026-private' and a 'Destination details' section. At the bottom, there are sections for 'Permissions' and 'Properties'.

Files and folders (1 total, 29.1 KB)

All files and folders in this table will be uploaded.

Find by name

Name	Folder	Type	Size
Assignment_08_Exception_Handling(1).pdf	-	application/pdf	29.1 KB

Remove Add files Add folder

Destination [info](#)

Destination

[s3://brishti1-2026-private](#)

Destination details

Bucket settings that impact new objects stored in the specified destination.

Permissions

Grant public access and access to other AWS accounts.

Properties

STEP-14:

The screenshot shows the AWS Management Console's 'Upload' page for the bucket 'brishti1-2026-private' after a successful upload. The page has a dark header with the AWS logo, a search bar, and navigation links. Below the header, a breadcrumb trail shows 'Amazon S3 > Buckets > brishti1-2026-private > Upload'. A green banner at the top says 'Upload succeeded' with a sub-note 'For more information, see the Files and folders table.' Below this is a blue banner that says 'After you navigate away from this page, the following information is no longer available.' Below the banners is a 'Summary' section with a table showing the upload status. The table has columns: Destination, Succeeded, and Failed. The 'Succeeded' column shows '1 file, 29.1 KB (100.00%)' and the 'Failed' column shows '0 files, 0 B (0%)'. Below the summary is a 'Files and folders' section with a sub-note 'Files and folders (1 total, 29.1 KB)'. There is a search bar 'Find by name' and a table with columns: Name, Folder, Type, Size, Status, and Error. The table contains one entry: 'Assignment_08_Exception_Han...' with a folder of '-', type of 'application/pdf', size of '29.1 KB', status of 'Succeeded', and error of '-'. To the right of the table are buttons for 'Remove', 'Add files', and 'Add folder'.

Upload succeeded

For more information, see the Files and folders table.

After you navigate away from this page, the following information is no longer available.

Summary

Destination	Succeeded	Failed
s3://brishti1-2026-private	1 file, 29.1 KB (100.00%)	0 files, 0 B (0%)

Files and folders [Configuration](#)

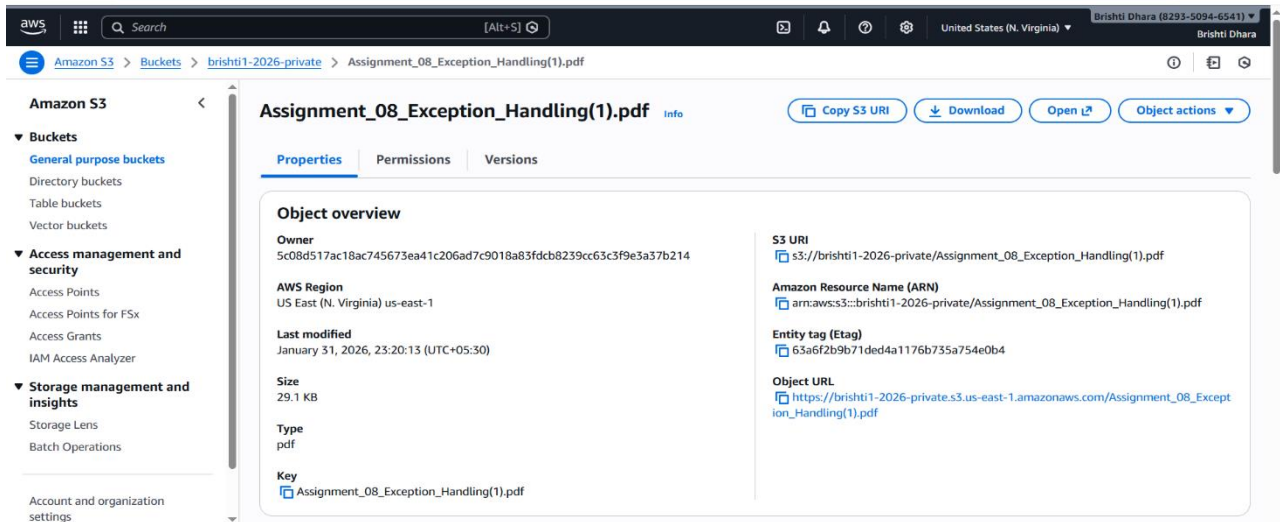

Files and folders (1 total, 29.1 KB)

Find by name

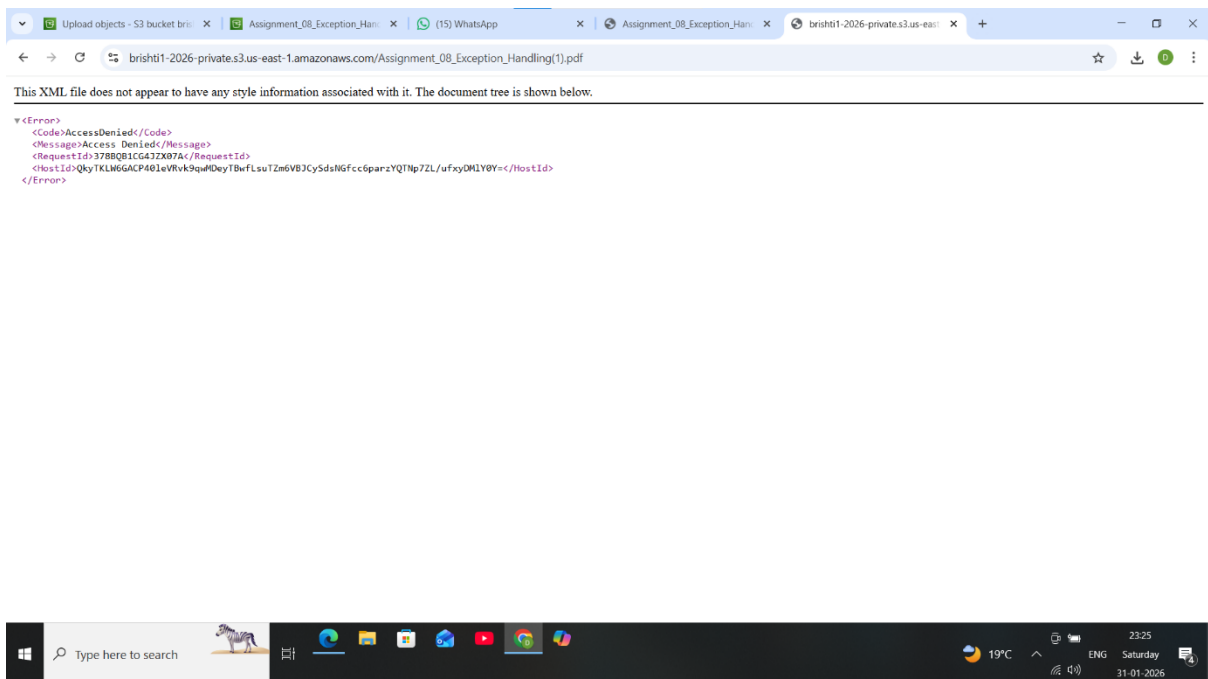

Name	Folder	Type	Size	Status	Error
Assignment_08_Exception_Han...	-	application/pdf	29.1 KB	Succeeded	-

Remove Add files Add folder

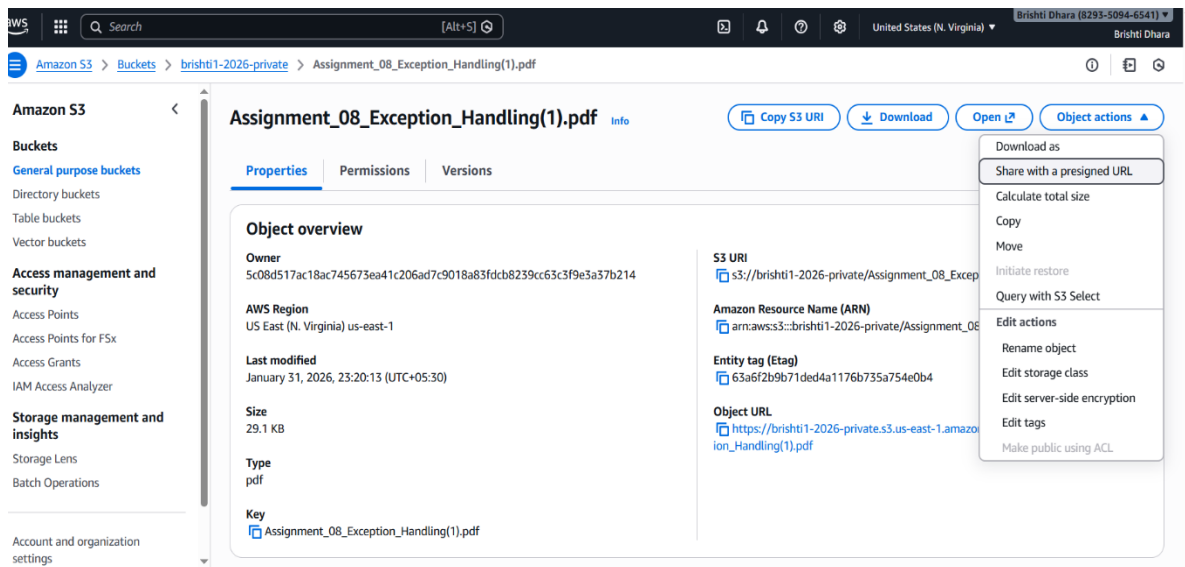

STEP-15:Afterthat from the file properties copy the object URL and paste it in a new window

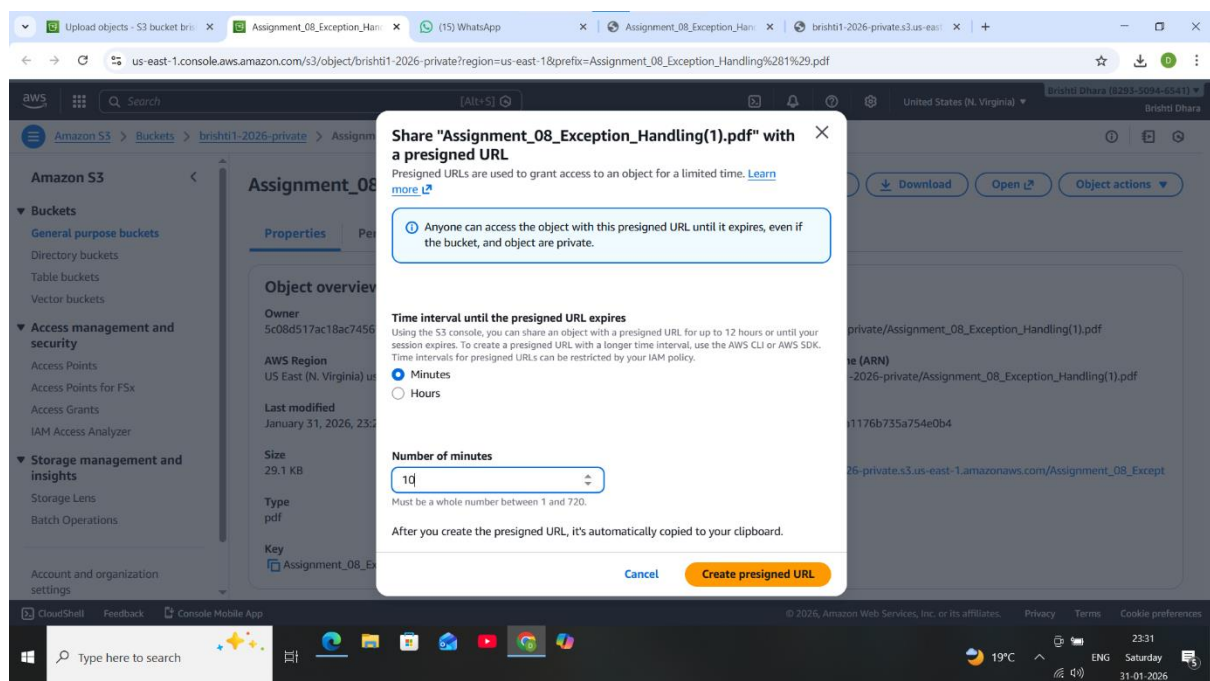

STEP-16:After paste we see the access denied message because of private bucket

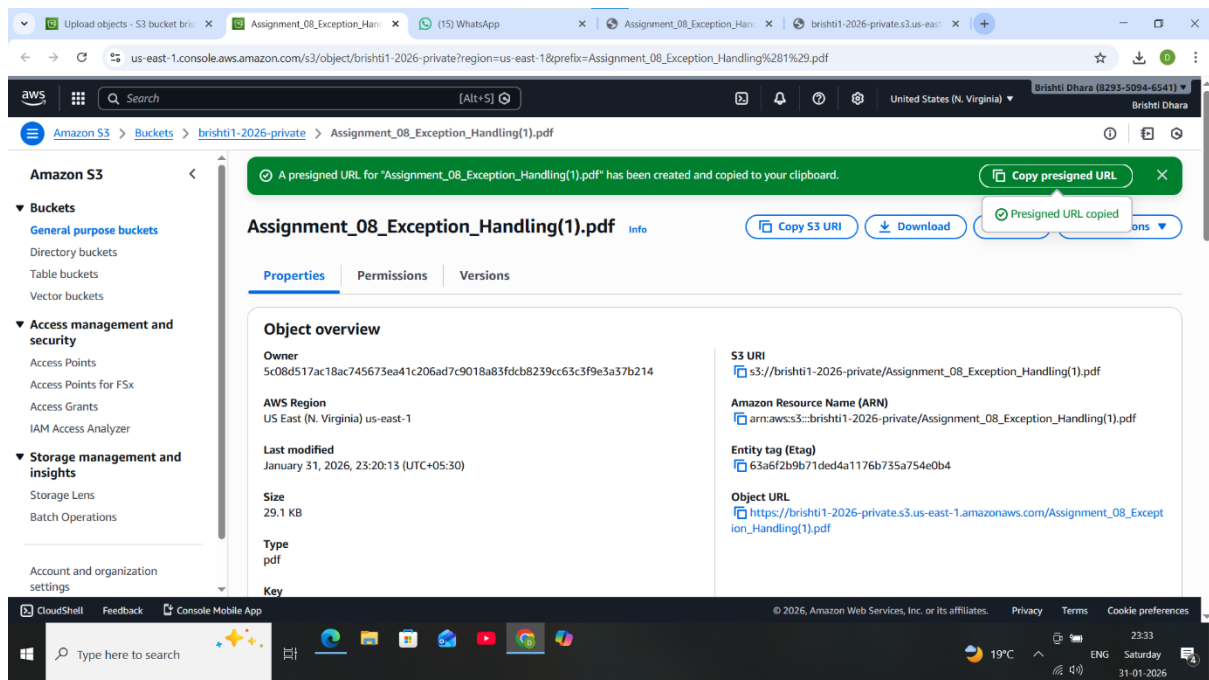

STEP-17:TO reassigned the URL,for accessing the object, we go inside the bucket and select the object ,then we need to click on the “Actions”option and go the “Share with a presigned URL” option.

STEP-18:After clicking on “Share with a presigned URL “,we set the time and click on “create presigned URL”

STEP-19: The presigned URL for this file has been created and then copy the URL and paste it in a new window for checking.

STEP-20: Now we can access the object, the "ASSIGNMENT 8.pdf" for a particular duration of time.
